Australia's Must Attend Event

18 - 19 March 2026

Hyatt Regency Sydney, Australia

Attendee Preview

Connecting and Expanding Australia's Renewable Capacity Through Energy Storage

Welcome to the Energy Storage Summit Australia 2026

Welcome to the Energy Storage Summit Australia 2026, the premier gathering of energy storage professionals, innovators, and decision-makers. Returning to Sydney on 18-19 March 2026, this guidebook has been carefully curated to help you navigate the event, maximise your experience, and make the most of the incredible opportunities available over the next two days. From insightful sessions to unparalleled networking, this summit is your gateway to shaping the future of energy storage in Australia and beyond.

Why This Summit Matters

The Energy Storage Summit Australia is more than just a conference - it's a catalyst for innovation, collaboration, and growth in one of the world's most dynamic energy markets. As Australia continues its journey toward 100% renewable energy, this summit serves as a critical platform for addressing the challenges and opportunities in energy storage, a cornerstone of the nation's energy transition. By attending, you are positioning yourself at the forefront of this transformation, gaining exclusive insights, and connecting with the leaders driving change.

Key Take Aways include:

- Investment opportunities resulting from the switch to 100% renewables
- Maximising returns and unlocking new revenue streams: merchant vs contracted revenue
- The Capital Investment Scheme (CIS) and the future of energy storage investment
- Navigating NEM volatility: tackling energy curtailment and grid constraints
- Delivering lasting value for First Nations communities

Don't Miss Out

With limited capacity and a carefully curated agenda, this summit offers an intimate and focused environment for meaningful connections and actionable discussions. This attendee preview is your essential companion for the summit, providing you with all the information you need to navigate the event seamlessly. Inside, you'll find the full agenda, speaker profiles, session details, and tips to make the most of your time in Sydney. Use it to plan your schedule, identify key sessions, and connect with fellow attendees who share your vision for Australia's renewable energy future.

2026 Key Themes

Key themes for 2026 will include in-depth examinations of energy storage opportunities across Australia, market design and policy reform, unlocking long-duration, addressing grid connections, maximising and ensuring consistent revenues, asset management and O&M, investor appetite, and much more.

What are the Implications of 100% Renewable Energy Sources to ESS?

Routes to Market, Financing and Bankability

NEM Review: What Does This Mean for Australia's Renewable Energy Future?

CIS and the Future of Energy Storage Investment

LDES and Technology Pathways Beyond Lithium

Behind-the-Meter Innovations: Next-Generation Technologies & Market Impact

Managing Risk in the Evolving BESS Landscape

How Can the NEM Benefit from Micro-Grid, Off-Grid and Distributed Energy Resources Innovations?

BESS and Grid-Forming Technologies: Moving from Theory to Bankability

Optimisation, Trading and Revenue Stacking

Ticket Prices

Book Online >>

Our Ticket Categories are determined by Company Activity.

Buyside companies are categorised as being from the following company types: government & local authorities, public sector, networks/grid operators, investors, developers, IPPs, utilities, financiers, banks

Sellside companies or solution providers are categorised as being from the following company types: software/analytics/technology providers, optimisation providers, consultancies, EPCs, system integrators, law firms, insurance providers

For any clarification, please contact our dedicated team ▶

Delegate Ticket Protection

Solar Media will refund the cost of the ticket in full should the named ticket holder ('Holder') be unable to attend due to:

- Sickness, accident or injury of the Holder
- Death of Holder, or death of Holder's immediate family within 30 days of the event
- Preventative travel delays outside of Holder's control
- Unavoidable Jury Service
- Extreme or adverse weather (snow, fog, storm) that prevents Holder's attendance to event venue
- Strikes, riots, terrorism or other extraordinary national/international circumstance
- Changes of the date, location or main thematic qualities of the event

You must purchase Delegate Ticket Protection to get a refund

Group Discounts

- ✓ Learn collaboratively – Align your team around cutting-edge insights and strategies that drive unified action across renewable energy sectors
- ✓ Cover all streams simultaneously – Maximise coverage by having team members attend different summit streams and share valuable takeaways
- ✓ Develop comprehensive expertise – Get your entire team up to speed on interconnected trends, challenges, and opportunities across the clean energy landscape
- ✓ Accelerate implementation – Move faster from innovative concepts to practical application with a team that's collectively informed and inspired
- ✓ Optimise your investment – Access preferential rates while building long-term organisational capability in renewable energy
